

This week in Mark 6:1-13, kids learned that after working many miracles, Jesus returned to His hometown of Nazareth. While there, the people who knew Him rejected Him. They could not believe that He was the promised Savior from God. Because of that, Jesus said that He could not work any miracles there because of the people's unbelief. Children learned that God can help them when they feel rejected also. Bible Memory Verse: "Jesus said to them, 'A prophet is not without honor except in his own town, among his relatives and in his own home.' " Mark 6:4
